

## Tire Rotation

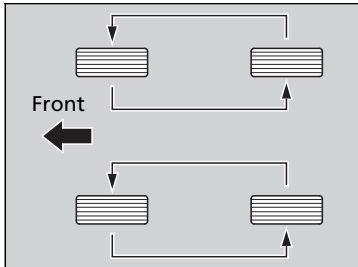

Rotating tires according to the maintenance messages on the multi-information display helps to distribute wear more evenly and increase tire life.

### ■ Tires without rotation marks

Rotate the tires as shown here.

### ■ Tires with rotation marks

Rotate the tires as shown here.

### ☒ Tire Rotation

Tires with directional tread patterns should only be rotated front to back (not from one side to the other). Directional tires should be mounted with the rotation indication mark facing forward, as shown below.
