

Passenger's Dashboard Trim Panel Removal and Installation

Removal

1. Passenger's Dashboard Trim Panel - Remove

Fastener Locations

▽ : 6

1. Open the glove box.
2. Remove the passenger's dashboard trim panel (A); start at the trim panel's right edge, gently and evenly pulling out on it to release the clip, then work from right to left to release the remaining clips.

Installation

1. Passenger's Dashboard Trim Panel - Install

Fastener Locations

▽ : 6

1. Install the passenger's dashboard trim panel (A).
